Chairman Santoro stated that the Board had requested Arey Grady, Attorney to the Board, to draft a letter to the Commissioners regarding the Planning Boards' concern on the number of condominiums being constructed in the County. Since there is going to be a workshop with the County Commissioners on November 14, 2005 at 6:00 p.m. to discuss new legislation that will require some changes to our subdivision regulations and to determine if there are areas that need to be changed in order to accommodate the growth that is occurring in the County, Chairman Santoro asked if the letter should still be sent to the Commissioners. The Board voted to send the letter to the Commissioners.

Attorney Grady had also drafted a **Notice to Prospective Purchasers** to be put on plats to inform the purchasers that areas of regulatory jurisdiction are subject to future delineation by various state agencies and may change over time due to changes in the physical characteristics of the land. Denard Potter made a motion to approve the Notice, and John Buck, III seconded. All members voted in favor.
