

PAMLICO COUNTY EMERGENCY SERVICES

Pamlico County COVID-19

Case Update

April 3rd, 2020 09:30 Hours

The one (1) confirmed COVID-19 Case currently in Pamlico County has been determined to be travel related contraction and contact tracing by Pamlico County Health Department has produced no further positive test results.

We encourage all citizens not only locally but state and nationwide to assist with flattening the COVID-19 positive curve by practicing social distancing, personal hygiene, virtual means and methods of communications, and continue to follow recommendations and guidelines from Official Local, State and National Sources.
