HURRICANE ISAIAS RELEASE #1

This is an important notice from Pamlico County regarding Hurricane Isaias.

Pamlico County Emergency Management is currently monitoring the storm and will advise regarding emergency plans. Arrangements are being made for emergency sheltering; however, due to the COVID pandemic and social distancing requirements, the availability of shelter space will likely be very limited. Screenings will occur prior to any person being accepted into a shelter anywhere in the State. Individuals are encouraged to use non-congregate, personal sheltering options such as staying with family and friends. If congregate sheltering is necessary, priority will be given to individuals in Evacuation Zone A. Citizens can review more information concerning Evacuation Zones by visiting the Pamlico County Web Site, www.pamlicocounty.org or through the Pamlico County Emergency Management Facebook Page.

Post storm, individuals should monitor the Pamlico County website and Emergency Management Facebook page for instructions regarding recovery operations, including possible mass feedings and/or debris pickup. Please note that due to COVID-19 and fiscal constraints, certain recovery operations such as debris pickup may not be feasible.
