Recycling Pamlico County

Recycle

Recycling saves natural resources and energy, reduces air and water pollution, fights litter, makes a positive contribution to our national economy by reducing the amount of imports and increasing the amount of export our nation has, and saves landfill space which will ultimately save everyone money.

It is Easy

Recycling is easy once you get organized. Just add an extra container next to your garbage can in your kitchen or garage to save the items that can be recycled in Pamlico County. By putting it next to your garbage can, it will serve as a recycling reminder to your family.

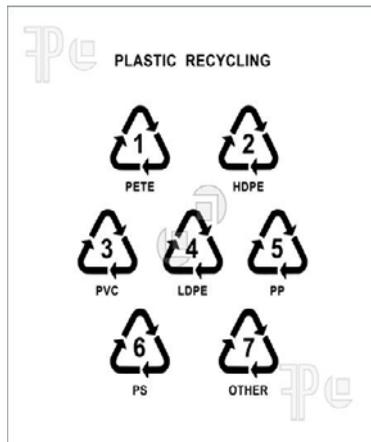

Just as a reminder: all items to be recycled must be removed from trash bags before being dumped in recycling bins. Thank you.

RECYCLING DROP-OFF LOCATIONS

1. Oriental (Park)
2. Reelsboro (Hwy 55E)
3. Bayboro (Bay City Rd)
