

**EMERGENCY WATER NOTICE**  
**PAMLICO COUNTY WATER DEPARTMENT**

This is an emergency notice from Pamlico County Water Department  
Attention Pamlico County Water Customers,

Contractors that were working on the Merritt Bridge broke a water line valve in the Gibbtown Road area. Water Department staff are now on the scene. Repairs will require shutting the water off in this area to isolate the valve. At this time, we do not know the extent of any outages. There is potential for low or no pressure in your area. If your area is placed under a low-pressure advisory, you will receive an additional notice. To clarify, this notice serves to alert you about the potential for a water outage.

For more information, you can check the County website at [www.pamlicocounty.org](http://www.pamlicocounty.org). The emergency contact number is (252) 514-5240. Due to the expected volume of calls, it is asked that you only call to report an issue. We apologize for any inconveniences.

Thank You,

Pamlico County Water Department
